<i>Estimated Attendance:</i>	180	<i>Actual Attendance</i>	162

<i>Private Event</i>	
<i>Event Timeline:</i>	Actual Start: 6:09pm Actual End: 11:42pm Building Clear: 11:57pm
<i>Operations Notes:</i>	Plan for the sparkler sendoff didn't go as well as anticipated. Too many folks crowding a small area. Better route for wedding send offs should be developed in the future.
<i>Catering Notes:</i>	Plates matched the tasting exactly but the place settings were not correct on all tables. Tables 3 & 9 were missing their second set of forks and spoons. Not enough decaf brewed for the reception. Cake vendor arrive 45 minutes late and didn't bring a rolling cart. Chef had to carry cake inside with wedding planner. Lots of small steps that could have caused issue.
<i>Security Notes:</i>	Heavy drinking crowd. Confirm with F&B that all IDs are being checked for alcoholic beverages. There were two younger adults found drinking beers in the bathroom.
<i>Parking Notes:</i>	Valet parking worked well for this event. Good turn around time. Staff reported generous tips.
<i>Lost & Found:</i>	Bride lost her garter. It has not been found.
<i>Additional Information:</i>	Long night and staff was pretty tired by the end. Building was clear of patrons by midnight but FOH manager had to stay until 2:17am when final vendor loaded out.
